

Proposed Amendment to the Bylaws of the
Northern Kentucky Medical Society

Amend Chapter I, section 2(a), by deleting the sentence: The application must be endorsed by two members of the Society, and by substituting the words The application for the word It in the next sentence.

That portion of the bylaws will therefore read: He shall supply to the Board of Directors such other information as it may reasonably require. The application shall be referred to the Board of Directors.....etc.

The first reading will be held on October 7, 2010 at the Meet your Legislators dinner. The second reading will be held at the Holiday Party on December 2, 2010. Please submit any questions or comments to the NKMS: nkms@nkms.org
